WAGNER STORE ENTERED TWICE

Grocery Belonging to Widow of Man
Murdered Five Weeks Ago
Robbed of Most of Good Stock.

MAY CONNECT WITH CRIME

Disclosures Bearing on Murder Ex-
pected Soon in View of Infor-
mation Reported Gained.

Disclosures bearing on the mys-
terious murder of Milton Wagner, the
Eighth street grocer, are expected
soon as some startling information,
which is expected to give a clue to
the affair, is looked for in a short
time. While the police state that
there is no clew as yet to the murder,
it is evident that they have some-
thing to work on or at least more so
than they did immediately following
the crime.

It has developed that the Wagner
grocery store, which has been closed
since the murder of Mr. Wagner on
Sunday morning, Sept. 20, has been
entered and robbed once and prob-
ably twice. The last time the store
was entered to the positive knowl-
edge of anyone was Thursday night
of this week. At that time a wagon
load of stock was hauled away, it is
said, and practically everything of
value in the store was taken.

On this time only the front row of
goods on the display shelves was
left untouched and the robbery was
not discovered because the stock had
the appearance of being intact and
as it was left on the evening pre-
vious. Max Goldstien has invoiced
the stock of goods expecting to buy
it, and when he went back after tak-
ing the inventory he found that all
of the valuable goods stored on the
shelves back of the first rows had
been removed.

It is stated that neighbors saw a
wagon drive up in front of the store
and that the goods were carried out,
but this report could not be confirm-
ed. But it is positively stated that
the store was robbed and the theory
advanced is that the robbery and the
murder may have some connection.
This is the present angle of the case
and it is believed that if the robbers
are caught the police will have the
men who know something about the
murder.

The store and stock have been ad-
vertised for sale for some time and
Goldstien was a prospective buyer,
but following the robbery of this
week he backed out and would not
make the trade. This afternoon Geo.
W. Young, attorney for Mrs. Wag-
ner, was at the grocery selling the
stock. He intended to either sell the
stock in one lump or auctioneer each
article. It seemed that the longer
the stock remained the less there was
of it because of the robberies and the
attorney decided to sell it.

The robbery clew is considered the
best that has been unearthed and the
people will anxiously await develop-
ments. The murder of Mr. Wagner
was one of the most cold blooded
ever committed in the county and a
prosecution in the case will, it is
said, be welcomed.

MAY LAST ANOTHER WEEK

Cheney Case Drags Along Slowly at
Shelbyville.

The Cheney damage suit being
tried at Shelbyville will probably last
another week judging from the pro-
gress being made. There was no
court there today and the case was
continued until Monday. The case
has been dragging along slowly and
has required more time than was first
thought would take. Dempsey
Cheney and Carlton Cheney, father
of Harrold Cheney, the plaintiff in
the action, were on the stand yester-
day. Carlton Cheney was put
through a severe cross-examination
and was asked many impeaching
questions.

ZACK PRICE SAID TO BE AT LIBERTY

Brother of Late William Price Set
Free After Serving Minimum
Sentence

TWO TRIALS IN GREENSBURG

According to John E. Osborne, an
attorney of Greensburg, Zack Price,
a brother of the late William Price,
tried and convicted for the murder
of his farm hand Fletcher Cook, has
been released from prison and is now
living with his family in Indianapolis.
Mr. Osborn was at North Vernon,
which is Prices' old home, this week
and learned that he had been re-
leased. Price, it will be remembered, had
two trials in Decatur county, where
the case was sent on a change of
venue and at the last one was con-
victed and sentenced to serve from
two to fourteen years.

According to Mr. Osborn he was
released within a day or so after
having served the minimum period of
his sentence. Price served his time
in the Michigan City prison.

EVIDENCE HEARD IN WOLIUNG CASE

Domestic Troubles Are Aired in Cir-
cuit Court Today But Argu-
ment Will be Monday.

HUSBAND ASKING DIVORCE

Judge Megee heard the divorce
suit this morning brought by Jesse
Woliung against Mrs. Florence Woliung.
The evidence was submitted by
noon but the case will not be argued
until the first of next week. Mrs.
Woliung has filed a cross-complaint
in the suit and is also asking for a
divorce. She opposed the granting
of a divorce to him on about the
same grounds that he alleged against
her.

Mr. Woliung alleged that his wife
was guilty of cruel and inhuman
treatment and told the court that she
became angry at him on many dif-
ferent occasions and when she did
so cursed and called him vile names.
He also claimed that she was influ-
enced by her parents, Mr. and Mrs.
William Smiley. Mr. Smiley testified
for his daughter and stated that he
did not even know they were having
trouble until they separated.

Three witnesses testified as to the
value of Woliung's property. It was
estimated to be worth from \$1,200 to
\$1,500.

INDIANAPOLIS MEN ARE COMING

Wholesale Trade Division Telephones
That Members Will Visit Rush-
ville Next Thursday.

TO SEE INDUSTRIAL PARADE

Visitors Expected to Awaken Civic
Pride and Make Demonstration
Bigger Than Ever.

Word was received yesterday late
that the wholesale trade division of
the Indianapolis Chamber of Com-
merce would come here next Thurs-
day for the fall festival and horse
show. The Indianapolis business
men will bring the Indianapolis
News' Newsboys' band with them
and will come by special train.

It is not known definitely yet just
how many members of the wholesale
trade division will come, but the
chairman of the division is expecting
to bring two or three car loads of
men. It is not arranged yet whether
they will come on special cars over
the Indianapolis & Cincinnati Tra-
ction company or on a special train.

The wholesale trade men were in-
vited for Thursday because the in-
dustrial parade is set for the after-
noon of that day at three o'clock.
The wholesale men were especially
anxious to come that day to see the
Rushville display.

The opinion has been expressed
that the visit of the Indianapolis
men will serve more than anything
else to awaken civic pride in Rush-
ville to make the parade a worthy
one. The news that the visitors are
coming has already had this effect
and has caused several persons to
desire to enter into the spirit of the
parade and get up an exhibit for it.
There are no prizes offered and no
attempts at elaborateness will be
made.

The spirit of many of the dis-
plays will be uniqueness while others
will be displays simply to let the
people of Rush county know what
the business houses are doing here
in Rushville. The committee in
charge of the parade is anxious to
make it one of the big features of
the festival and show.

Practically all of the booths were
set in place today, but because of
the inclement weather very few at-
tempts were made at decoration for
fear the bunting would be ruined by
the rain before festival and show
week.

The horse show will undoubtedly
excel any ever held here. The horse
show men have received any num-
ber of inquiries from four different
states regarding the premium list
and have declared their intentions of
bringing horses for the show. The
premium list and show program be-
gan coming off the presses Thursday
evening and at least two thousand
of them have been sent through the
mails far and near. All inquiries for
programs have been answered and
others have been sent to names in
possession of the horse show men.

Considerable interest attaches to
the automobile parade this year
which will be held Wednesday even-
ing. The fireworks display will be
made the same night. All machines
in the parade will be provided with
red fire so that the demonstration
will be completed. Elmer Caldwell is
superintendent of the parade. Prizes
of ten, six and two dollars will be
offered for the best decorated auto-
mobiles. It is not required that
horse show colors, red white and
blue, be used in the decorations.

Replies have been received from a
number of automobile agents say-

EFFECT JUNCTION WITH RIGHT WING

German Army in Belgium Joins With
That in France, War Office De-
clares Today

SLOW IMPROVEMENT SHOWN

Ostend is Occupied by Invaders
Without a Struggle—Allied
Army Retreats Safely

Berlin, (Via The Hague.) Oct. 17.
—That the German forces operating
in Belgium have effected a junction
with the right wing of the army in
France was announced at the war
office today. It was stated that
the general situation is showing slow,
but nevertheless distinct improve-
ment from the German viewpoint. In
France the German right wing has
been engaged in a series of conflicts
with the allies along the line from
Keyon and Roye into Belgium. These
encounters, the war office says, while
taking on the character of actual
battles have been in the nature of
separate movement in which both
sides have gained slightly at certain
points and lost at others. But at no
point, it is stated, has there been
any decisive result. Two or three of
the positions it is declared have been
taken and re-taken three or four
times. The weather is said to be bad
and this has had the effect of slow-
ing down the rapid movement of
troops.

Ostend, it is stated, was occupied
by the Germans without a struggle
on Thursday. The German advance
cavalry patrols found when they
reached the outskirts of the town
that the enemy had retreated aban-
doning the entrenchments which they
had constructed north and east of
the city.

On the center and left it is stated
that the situation is unchanged. The
operations in Alsace-Lorraine and in
the Vosges are being greatly retard-
ed by bad weather and snow at cer-
tain points.

In the eastern theatre of war the
Germans continue to gain ground
against the Russians and there was
now not a single Russian on German
soil. Reports received from Vienna
say that Austrian troops have oc-
cupied the fortified heights of Starasol
to the east of Chirow, and they
have also moved south along the San
river so that they are reported to be
nearing the Northeast front of
Przemysl which continues success-
fully to resist the Russian siege. The
Russian army of investment which
is commanded by the Bulgarian Gen-
eral Dimitrieff has attempted to
check the progress of the Austrian
forces marching to relieve the for-
tress, but in every instance they
have been defeated.

Temporary bridges thrown across
the San River by the Russians have
been destroyed by the Austrian ar-
tillery and many Russians drowned.

In the fighting in the neighborhood
of the Carpathians the Austrian
troops have retaken Taryona after
a four days battle in which they in-
flicted heavy losses on the Russians
and are now pursuing the defeated
enemy toward Wyskow. All of the
Russians have been driven back from
the Hungarian plains and the Aus-
trians have retaken the passes
through the Carpathians, according
to the latest Vienna advices the war
office says.

A change of venue was granted
this morning in the case of the
Creamery Package Manufacturing
company against James E. Watson,
on a note demanding \$600. It has
not yet been decided where the case
will be sent.

COMPROMISE IS REACHED

Support Case of Ethel Peters Set-
tled in Court Today.

Mrs. Ethel Peters brought suit for
support this morning against Walter
Peters. By agreement the case was
submitted to Judge Megee without
trial and a decree prepared giving
her five dollars a week support mon-
ey. Mrs. Peters, it is understood, al-
leged that he has failed to make pro-
per provision for her and her child-
ren. The compromise was reached
shortly after the case was filed and
the decree was entered. Neither of
the parties appeared in court.

AWAITS ONLY THE PERFUNCTORY VOTE

"War Tax Bill," Administration
Measure, is Ready For Action
By Senate Tonight.

COTTON LEGISLATION LOSES

(By United Press.)

Washington, Oct. 17.—Approval by
the senate of the "war tax bill"
awaited only the perfunctory formal
vote late this afternoon or tonight.
Plans were made to have it rushed
through conference early next week,
sent to the president and then have
congress adjourn until December 7.
Adjournment at some time between
Tuesday and Thursday was regarded
certain.

Final voting on amendments was
scheduled to begin in the senate this
afternoon with an ironclad agree-
ment to vote the bill upon final pas-
sage before adjournment tonight.

Cotton currency legislation, com-
prised in the Hoke Smith \$250,000,
000 bond measure, seemed doomed to
defeat. Cotton states senators
made their final fight for the legisla-
tion today.

VILLA AND CARRANZA AT WAR

SEVEN ARE HURT.

Naco Arizona, October 17.—Four
American calvarymen and three civil-
ians were wounded here today by
bullets fired by Mexicans fighting
across the border. Two of the Caval-
ry men are reported fatally wounded.

(By United Press.)

Douglas, Ariz., Oct. 17.—Fierce
fighting between Mexican followers
of General Francisco Villa and Gen-
eral Venustiano Carranza was re-
sumed today at Naco. Senora. A
message from Naco, Ariz. asserted
that many bullets were falling on the
American side of the border and
that four persons in the American
village had been struck. Carranzas-
tas under General Hill still held the
defense at Naco. Sonora, when the
message was filed.

John Madden has rented the room
east of his present location and will
operate his restaurant in both rooms
next week, on account of the horse
show.

WARNS NATIONS OF TORN EUROPE

Senator Stone Says They Will be
Held Responsible if They Inter-
fere With U. S. Citizens.

AN INCIDENT CITED BY HIM

Quotes Letter From Passenger on
Metapan Which Was Held up
on High Seas by French.

(By United Press.)

Washington, Oct. 17.—Senator
Stone, chairman of the senate for-
eign relations committee, issued a
solemn warning to European warring
nations this afternoon that they
would be held responsible if they in-
terfered with the right of American
citizens and this country was driven
to action.

His statement followed the read-
ing of a letter by Senator Thomas in
which it was charged that the
French cruiser Conde stopped the
United Fruit steamer Metapan, an
American ship, on the high seas and
examined American citizens, tempo-
rarily detaining five German-American
youths. The Metapan was bound
from one neutral port to another.
This incident, if true, parallels those
that caused the war of 1812.

"The United States will maintain
its position of strict neutrality,"
said Senator Stone, "but it will be
well for other nations to know that
we will not look with indifference
upon the invasion of the rights of
our citizens by any belligerent na-
tion."

R. W. Patterson, who wrote the
letter to Senator Thomas, said he
was a passenger on the Metapan
and that on October 4, while near-
ing Colon, she was boarded by the
Conde. All passengers, he said, were
forced to undergo inspection in the
dining room. He said in a few min-
utes all were permitted to leave ex-
cept five young German-Americans.
He said they were not reservists go-
ing to Germany but American citi-
zens. These young men were forced
to sign a parole in which they prom-
ised not to fight against the allies
before they were permitted to remain
on the ship and proceed.

The Metapan is now aground in
Ambrose channel, New York. It was
held up for two hours by the cruiser.
Patterson pointed out this was an
American ship and that her captain

How We Help The Retailer

Every time this newspaper
prints the advertising of a
standard article it is helping the
retailers who handle that
product.

It is to the interest of retailers
that a newspaper should increase
its general advertising—because
it stimulates business at their
stores.

People like to see the goods
they read about in the news-
papers.

If the price and quality suits
them they will buy.

Every sale means a customer
and a profit to the retailer.

Retailers help their home
newspaper and help themselves
when they push these goods.

It is co-operation profitable
alike to the dealer, the manufac-
turer, the newspaper, and the
consumer.

If a Merchant Offers a Cut Price

on any article of merchandise he has to sell. One of two things has happened—He has either lost confidence in his own judgment and is afraid his ware will not sell at the price he placed on it, or he is playing you, Mr. Buyer, for an easy mark and is simply using cut price advertising for bait and if you are a fish and like the bait, he is going to land you. If a merchant puts an honest profit on what he has to sell when he first offers it for sale, it will remove all temptations to cut prices. Wouldn't you rather buy what you need from the man that has one price and especially when that price is lower than the cut prices of his competitors, and you don't have to wait until a sale day to get what you want. If you want to trade where you pay the same price every day in the year and where you don't pay any more any time than the other fellow, we want to sell you your buggies. And as to the styles, we have all the new ones in storm buggies there are on any market, but you know where the styles all originate. Remember, we sold Colonial styles two years ago. We have found better things now. Take a look—then you will know.

SOLICIT VOTES FOR CONVENTION

Women of Indiana Open Campaign in Hopes of Carrying Amendment Proposition at Election.

ARE SEEKING PUBLICITY

Active Branches of Franchise League Working Hard Toward Votes for Women

(By United Press.)

Indianapolis, Oct. 17.—This was "Constitutional Convention Day" throughout Indiana, or at any point where there exists an active branch of the Woman's Franchise League of Indiana. The women hope through these demonstrations to obtain enthusiasm for a constitution. It is their belief that with a constitutional convention, delegates to which would be elected by a non-partisan vote, the opportunity would come for a section providing "the vote" for women.

The following resolution adopted by the women, was widely circulated today:

Resolved—That we, the Woman's Franchise League of Indiana, do hereby solicit the voters of the state Commonwealth.

"We make this request because we believe in equal human rights, and because we stand for progress and justice."

The women frankly are seeking publicity, which until a few weeks ago had suffered a rather pronounced slump as far as the constitutional convention was concerned. With Charles Seffrit, editor of the Washington, (Ind.) Herald, an unnamed organization has been sending broadcast strenuous articles against the convention. For some time Seffrit had the field to himself, but recently Jacob P. Dunn, city controller of Indianapolis, and writers in Hammond have come forward with able answers to Seffrit. Now the enemies of the constitutional convention have about decided that through their efforts the convention is getting the publicity without which it most certainly would have died.

Though the three parties have directly or indirectly endorsed the

convention, they have up to the present, taken no steps towards advocating it, leading some of the belief that it was a general wish to let the convention die through lack of interest. The convention must receive a majority of all votes cast November 3 to carry. The Anti-Saloon League and women in the suffrage movement have been the most ardent advocates of the convention so far. They are aided by the Citizen's League.

MANY FOOTBALL CLASHES IN WEST

(By United Press.)

Chicago, Oct. 17.—The west had its hands full with four important football clashes today but turned the main eye on the struggle at New Haven where Notre Dame battled with Yale in the first of the two big inter-sectional battles of the year. Western enthusiasts to the man were pulling for the Catholics to win.

The Wisconsin-Purdue game at Madison and Michigan's contest with the Michigan Aggies, a contender for the western title, are two big events in the west that will eliminate championship aspirants. The Chicago-Iowa scrap on Stagg Field and the Ohio state-Illinois game at Champaign will help simplify the fight for western conference honors. Northwestern's meeting with Indiana, was unimportant, both teams having teams having shown mediocre talent in their early games.

Ideal weather was reported from nearly all the western gridirons today. Sunshine today was on tap for the Chicago Iowa game and Maroon experts, counting on a game of forward passing, put dad's dollars on Chicago to win.

—The Rev. F. B. Stearns will preach Sunday evening at seven-thirty o'clock at the Salvation Army hall in South Pearl street. The public is invited.

—"A Thing Thought Incredible" will be the subject of the sermon at the First Baptist church Sunday morning. "Required Service" will be the evening service. The women of this church will hold a dairy lunch next week in the Martin room in Second street.

—The Rev. S. Whitesitt of Connersville will conduct the morning service of the First Presbyterian church. Judge John D. Megee will preach at the evening song service, preside at the evening song service, to be conducted by Miss Jessie Kitchen, assisted by the choir and congregation.

Beveridge Prophecies in Campaign of 1912

In view of the extravagant claims of the Indianapolis Star and the bold prophecies made from day to day by Mr. Beveridge, the files of the Star of October, 1912, are quite interesting.

On October 27, 1912, head lines of the Indianapolis Star were as follows:

"Progressive victory in Indiana practically assured."

"Both old parties lose."

"Chairman Lee confident that both Beveridge and Roosevelt will carry the state."

"Conditions as found justify the Progressive State Chairman in expecting to carry Indiana for both Beveridge and Roosevelt."

"Reports indicate that Progressive Congressmen will be elected in seven, possibly 9 Congressional districts."

"The election of the Progressive State ticket is now practically assured."

"On October 29th, 1912, headlines of Indianapolis Star as follows:

"Mighty tide carries Beveridge on Crest."

"Standpat papers declare old parties concede victory to Progressive nominee for Governor."

October 22, 1912, the following editorial statement was made:

"The Beveridge sweep of Indiana is one of the marvels of politics. In the candidacy of Beveridge the voters see an opportunity to get a keen, aggressive, rightminded advocate of practical reforms, and practicable measure of relief. This explains the Beveridge sweep which is carrying the Progressive party forward to victory."

On October 30, 1912, headlines in Indianapolis Star as follows:

"Count of nose signals result."

"Everywhere straw ballots indicate election of Roosevelt and Beveridge."

"The result of polls taken in industrial centers has been to prove that Roosevelt is to be elected and Beveridge is to sweep the state."

On November 3, 1912, the Indianapolis Star reported a meeting of Senator Beveridge and Senator Clapp to a large crowd that gathered at the State House grounds. In which meeting Beveridge predicted his own election and the election of Theodore Roosevelt.

How much these headlines of two years ago are alike the headlines of the Indianapolis Star, and Crawford Fairbanks Terre Haute Star these October days. Only the excitable are influenced by such extravagant press statements. The betting in Indianapolis has been two to one or more all along, and is now, that Beveridge will run a poor third.

Eventually

THE REPUBLICAN PARTY

Why not now?

No Comfort in This

In the first actual analysis of the official returns in the Maine election, Congressman John A. Peters, of the third Maine District, who won out by a handsome plurality, declares there can be no comfort to Democrats in the Maine figures.

"The only way the vote in Maine can be intelligently analyzed is by comparison with preceding years," Mr. Peters says. "The year 1910 marked high tide for Democracy in Maine. In that year the Democrats for the first time in many years carried the State, electing Governor, both branches of the legislature, a United States Senator and two of the four Representatives in Congress.

"In 1912, at the State election in September, there was no division among Republicans and they regained the State, electing governor, legislature and three Congressmen, the Democrats still holding out.

"In 1912, at the Presidential election after the state election in September, the Republicans divided, 48,000 voting for Mr. Roosevelt and 26,000 for Mr. Taft.

"In 1912, the Progressives nominated a complete and separate ticket for State and county officers and candidates for the legislature. They cast 18,000 votes for their candidate for Governor as against 59,000 for the Republican candidate and 62,000 for the Democratic candidate. But notwithstanding this the Republicans have retained their three Congressmen, which is a remarkable result considering the Progressive vote which aggregated 17,500 for the four Progressive candidates for Congress.

"The Democrats have elected their Governor but by an insignificant plurality considering the bunch of 18,000 Progressives which substantially all came out of the Republican party. Before now, Democratic candidates for Governor in Maine have been defeated and still received more votes than did Curtis, the Democrat, elected this year.

"The matter of governorship, however, is always fought out on local lines. In the election of Congressional national issues are considered. Take Mr. McGillicuddy's (Dem.) District (Second) for example. He has now been elected three successive times. The first time he got substantially 19,000 votes, the second time 18,000 and this time 16,000.

"It is about the same in all the Districts—the total Democratic vote is shrinking about 5,000 every election. In 1910, it was 70,500; in 1912, 66,900 and, this year, 60,100. Although 30,000 Progressives who voted for Roosevelt in 1912 did not vote for the Progressive candidate this year, still the Democratic vote shows its expected shrinkage, indicating that Progressives are not going to the Democrats.

"The Republican or anti-Democratic vote is steadily increasing in Congressional election and in about the same ratio that the Democratic vote is shrinking. If this continues and if the Progressive vote as a vote keeps on diminishing the Democrats will be nowhere in 1916.

"No comfort can be squeezed out of the Maine situation for the Administration. It was claimed before the matter was thoroughly understood that the large Democratic plurality in the second District amounted to an indorsement of the Administration. The fact is Mr. McGillicuddy got 2,000 less votes than he did in 1912, and from the figures would have been defeated had not the Republicans been divided. A big bunch on anti-Democratic votes being cast from the Progressive candidate for Congress in that District is what shrank the Republican vote below normal by the exact amount of the Progressive vote.

"With the Democratic candidate in that District receiving less votes by 2,000 than in 1912; with the total Democratic vote in the four Districts shrinking 6,800 from 1912 and 10,400 from 1910; with the Republicans still holding three Districts out of four in spite of the Bull Moose defection of 17,500, the re-

sult represents a great victory for the Republican and shows the inherent and increasing strength of their position.

REPUBLICANS ARE ENCOURAGED

Reports From Over County Tell of Fighting Spirit and Confidence of Victory, This Fall.

SACRIFICES ARE OFFERED

Statement of Former Henry County Sheriff, Announcing Return to G. O. P. Cheers Workers.

Republican leaders are encouraged by the report from all parts of the county of the fighting spirit of the Republicans. The interest in the campaign is spirited, very much so for an "off" year, politicians declare. Although there have not been many political meetings, close observers are of the opinion that this phase of a political campaign is growing less year by year because voters are each year reading more and more political conditions and are not depending upon the orator for their information.

The Indianapolis Star, the Bull Moose state organ, has been seeking to cause the impression to be general that the Progressives base their hopes on the alleged large registration in Indiana. The Star the other morning printed a table comparing the registration this year with the alleged registration of two years ago. The comparison was by counties.

If all of the counties were like Rush, the effort was a fizzle because, although the Star had the correct figures on the 1914 registration, they did not compare it with the right figures. Instead of using the 1912 registration, they used the 1912 vote in Rush, which did show a gain for the registration this year. But when the registration figures for this year and two years ago in this county are compared, a small loss is revealed.

Republican leaders here are encouraged by the tone of the letters they are receiving. H. B. Patton has written that he has qualified for vote-away from his home registration day registering according to the provisions of the law which allows a voter away from his home registration day to fill out a blank and send it back.

Mr. Patton, who lives at Shreveport, La., writes that he will come to Rushville by election day and cast his vote for the Republican ticket if the leaders here think that his vote is needed. He declares that he will pay his own expenses, although his business is very poor and collections are worse. But he says that he thinks enough of the party to pay his own way back home to vote. He sent his registration blank, filled out, to his brother, Walter Patton.

Republicans here read with some interest the statement of C. H. Burr, former sheriff of Henry county and a Progressive in the last campaign. Mr. Burr is well known here and his opinions will carry much weight. He says he is now actively and earnestly supporting the Republican ticket "from top to bottom." He says that two years ago he was a supporter of Roosevelt and Beveridge.

Mr. Burr says: "With the result of the 1912 election I saw that a division of the forces opposed to Democratic principles and policies meant ruin for the country. My fears are being carried out daily in the depressed state of the business of the country as a result of the putting into effect of some of the Democratic policies. It is time for all who believe in Republican principles to get together, forget the past and sweep from power the blundering and inexperienced party that now rules the country. This is the year to do it; not in two years, for if the European war should end as suddenly as it commenced the full force and effect of the Democratic laws will be sadly felt in every home in the land."

Mr. Burr further states that the

Our County Ticket

The Republicans of Rush county are to be congratulated, this year, on the personality of the ticket which they have placed before the people for their votes in the coming November election. They are men, without a single exception, who are worthy of the support of the people of the county. There is not a single one of them against whom anything can be said. And as to their character and fitness for the offices which they seek, all who know them, will testify to their efficiency.

HON. WM. M. SPARKS, who heads our ticket as a candidate for Judge of the Circuit Court, occupied the bench here in Rush County for many years and is a well known Christian gentleman of the highest ideals and is imbued with a spirit of progress in all things.

ALBERT C. STEVENS, our candidate for Prosecuting Attorney, is a young lawyer of high ability and efficient scholastic attainments. He sustains a high reputation and character in our community.

WM. R. JINNETT, for Representative, is well known to the people of the county, having made the race for that office two years ago, leading the ticket at that time and failing of election by only a few votes. His efficiency is well known and his popularity attested by his former race.

JOHN O. WILLIAMS, our candidate for Treasurer, is not a whit behind the men we have already named in standing and character. He is always in the front rank for every good word and work.

J. K. JAMESON, our candidate for Sheriff, has pursued the career of a master blacksmith among us for years and has the respect and admiration of the entire community.

DR. LOWELL M. GREEN, our candidate for Coroner, stands in the front rank in his profession and enjoys a very large practice. We consider the Republicans most fortunate in securing him as one of their candidates.

CHESTER PECK comes next as our candidate for Recorder. Chester is a young man, who has the confidence and esteem of all who know him and is thoroughly familiar with the line of work in the office to which he aspires.

ELWOOD KIRKWOOD, our candidate for Surveyor, stands among the other candidates as the peer of any of them and is a man thoroughly prepared for the work of the office which he seeks.

HENRY W. SCHRADER, than whom no better man could be elected as Assessor. He knows our county and would make a most efficient officer.

JOHN T. BOWLES and PLEASANT A. NEWHOUSE, our candidates for Commissioners, have been with us as neighbors and citizens long enough for us to know that they can be trusted with the affairs of the Commissioners' Court.

HIRAM H. HENLEY, JOHN W. DAVIS, JOHN F. MCKEE, ROYAL T. LEE, JOHN W. ANDERSON, R. P. HAVENS and J. ED. CALDWELL our candidates for Councilmen are leading citizens in their several communities and thoroughly able to discharge the great responsibilities of the offices which they seek.

From top to bottom the ticket is sound; it is honest and reliable. And it is worthy of the support of the people of Rush County. There is no higher citizenship in our great state than in this county and these men are representative of this high citizenship.

They are worthy of, and we believe, will receive the support of the people of this great county. Voters, if you elect these men, they will serve you well for they are men who believe in "a government for the people, of the people and by the people."

result of the primary elections and registrations held over the country in the last twelve months show the trend back to the Republican party of men who see the situation, and believe in the remedy just as he sees it. Mr. Burr is now an extensive farmer in union county, living near Liberty, and is firm in his belief that the Republican ticket will be elected in its entirety, and that Union county will contribute a handsome majority.

Indianapolis News Newsboys' Band Will Give Concert Here Next Friday Evening

The Indianapolis News Newsboys' band, which will give a concert at the fall festival and horse show here next Friday evening, was organized in March, 1900 with J. B. Vandaworker as bandmaster, a position which he still holds. The band won first prize at the juvenile band contest at the St. Louis World's fair.

Mr. Vandaworker has made the

organization and instruction of juvenile bands his life work, and is widely known for the great success he has attained in this direction. Every boy in the band has, without any expense whatever, an opportunity of receiving a musical education, which many of them could not otherwise afford. They not only get theoretical instructions, but have the actual experience of playing all kinds of instruments, going into the band at the

age of seven or eight and practically growing up in the business, so that after a few years they are able to make a comfortable living with the knowledge and experience thus obtained. There are fifty players in the regular band and forty-five in the second band, the latter being composed of younger boys who are being prepared to take up the work of their seniors as they become proficient in it. There are regular rehearsals

two or three times a week.

The band is maintained by The Indianapolis News at a very large expense, and the paper derives no revenue whatever from it as the band's services are donated to charity and educational institutions, public gatherings, etc. Its unusual excellence as a musical organization is so generally recognized that it is in great demand not only in Indianapolis but throughout the state.

SEASON OPENS HERE TOMORROW

Kappa Alpha Phi Team Tackles Fast
Gwynneville Eleven at South
Main Street Grounds.

LOCALS HAVE GOOD MATERIAL

Strengthened by Addition of Vanarsdal and Smith of Shelbyville
and Dreschel of Cambridge.

The lid will be pried off the local football season Sunday afternoon when the Kappa Alpha Phi team will take on the Gwynneville team at the South Main street grounds. In the Kappa line up is to be found the best talent obtainable in the city and the team expects to establish a record in independent circles this season.

Dreschel of Cambridge City and Smith and Vanarsdal of Shelbyville have been obtained by the locals and will be in the lineup against Gwynneville tomorrow. All of these men are expected to add much strength to the team. Vanarsdal is a star half back and will be remembered by his work here in the game last Thanksgiving. The game will give the fans here the first opportunity to see the material in action and the Kappas do not take the Gwynneville team as an easy proposition by any means and expect to fight for every inch of ground. Last Sunday Gwynneville defeated the Keystone Tigers of Indianapolis and are confident of taking the local team.

Games are being scheduled with Richmond, Knightstown, Muncie, Shelbyville and other fast teams and a successful season is looked for. The material is here and with proper support the team should be a winner. The team ordered new uniforms last night and a week from Sunday expect to be fully equipped. The game tomorrow will be called at two-thirty o'clock. Ben Sparks will act as referee.

The teams will line up as follows:
Kappas Gwynneville
Todd Thomas
R. E.
Capp Jones
R. T.
McMahan Allender
R. G. Osborn, Readle and Blackledge Subs.

FEW IMPORTANT GAMES ON TODAY

Schedule of Secondary College
Elevens of State Lack Features
to Attract Any Intense Interest

EARLHAM PLAYS BUTLER

Irvington Team Will be Given Chance
to Show if They Have Anything.

Early Brags

BY TOAD ELLIS
(Written for United Press.)

Indianapolis, Oct. 17.—Secondary college football in Indiana today lacked the features to attract any intense interest. There was speculation as to whether Butler would defeat Earlham and so be able to face De Pauw November 7 without a defeat at the hands of an Indiana secondary school to its credit. This was the only strictly Indiana game carrying an iota of interest. Out of the state, however, it was different. The Notre Dame-Yale game eclipsed everything else with its opportunity for the West to demonstrate its strength against the self-sufficient East.

The games scheduled for the secondary schools today were:

Earlham vs. Butler at Indianapolis.
Wabash vs. Rose Poly at Crawfordsville.
DePauw vs. Lake Forest at Lake Forrest.
Hanover vs. Transylvania at Lexington, Ky.

Brann	C.	Swift
Carroll	L. G.	Poston
Petry	L. T.	Adams
Smith	L. E.	Woods
Gunning	Q.	F. Wilcox
Dreschel	L. H.	Smith
Denning	F. B.	R. Wilcox
Vanarsdal	R. H.	Denner
Osborn, Readle and Blackledge	Subs.	

Other games involving Indiana teams were:

Notre Dame vs. Yale at New Haven.

Purdue vs. Wisconsin at Madison.
Indiana vs. Northwestern at Bloomington.

From the above it can be seen that no games bearing directly on the secondary college football title is on the boards for today in Indiana. Wabash will crush the Rose cripples, if indeed the game is played. DePauw goes out of the state to play the strong Lake Forrest team, running about an equal chance for victory and defeat. Hanover, of which the state as yet knows nothing, will play a team of which the state knows still less.

Advance dope on Butler leads us to predict that the Irvington lads will defeat the Richmond fighters, but knowledge of the fighting spirit at Earlham and the annual revival in spirits there following the first defeat at the hands of an Indiana school, leads us to predict a battle at Irvington that will open the eyes of the local boys. Both teams probably will score. Earlham again demonstrated its offensive strength when it swept Wabash off its feet in the first quarter last Saturday. Earlham will threaten by the air route.

Butler will try to make good its brag of the past few weeks by more than equaling the score made by Wabash against Earlham last Saturday, but in this Butler will probably fail. Butler has bragged that Wabash was afraid to play this year, and immediately afterwards, the Butler squad showed a tendency to slump. Little interest was taken in the game. More dependence was placed in the "rep" of the players than in activity on the field and development of team work. Butler was cocky today and Earlham was determined. Take your choice. Butler has the men that look best, but they lack the Earlham spirit.

These stories are to deal with the secondary colleges only, but we cannot refrain from asking you to look out for Notre Dame. Liken Yale to the Athletics. Both teams have a past to be proud of. The Braves accepted their first opportunity to meet this overwhelming bunch and swept them off their feet at the start. Why should not the Catholics do the same?—and there's only one game to be played between these two teams. Yale will have no chance to come back.

Here is a good little rule to remember in baseball, football, and business: If you're not going up, you're coming down. You can't stand still at the top. Some newcomer with a

kick, a punch or a big stick will come along and bump you over.

FOOTBALL SCORES.

The scores of today's football games will be posted tonight at the Johnson drug store. Several important games are scheduled for today and because of local interest in the games the scores will be received and posted. This will be done throughout the football season through the courtesy of the United Press.

Hot Blast, Air-Tight "FLORENCE"

Beware of imitations and unscrupulous people who claim to have a stove like or just as good as the FLORENCE. Do not be deceived by such false claims and find it out when too late. Examine the FLORENCE carefully before you buy
NO SMOKE! NO SOOT! NO DIRT! NO CLINKERS!
EVERYTHING IS CONSUMED

At the end of a season's use with soft coal, there will be no soot in the pipe or flue.

The only jointless leg bottom and base with ventilation and large ash pan that is on the market has ever been made in the history of stove industry.

The jointless leg bottom and base make the stove air-tight below the grate, which is the only true fire keeping principle. It will be as good a fire keeper twenty years hence as it is today. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same for seventeen years from date of patent without incurring liability for an action for damages.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal or slack and all the smoke and gases. No filling up of the stove, pipe or flue with soot. No dirt inside or outside the house. It will burn wood. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

CARMAN TRIAL STARTS MONDAY

Fashionable Long Island Has in Prospect Scandal, The Airing of Secret Home Tragedies.

DOCTOR'S WIFE ACCUSED

Florence Carman Indicted For Murder of Mrs. Louise Bailey in Her Husband's Office.

(By United Press.)

New York, Oct. 17.—The sight of a woman upon the rack, the prospect of scandal, the airing of secret tragedies of a home—these are the things now attracting New York and society of fashionable Long Island.

Mrs. Florence Carman, wife of Dr. Edwin Carman, well-to-do physician of Freeport, L. I., will be placed on trial Monday at Mineola on a charge of murder. The state alleges that it was her hand which was thrust through a window of the physician's office one night last July to fire a shot which ended the life of Mrs. Louise Bailey. Mrs. Carman was first indicted on a charge of manslaughter and later charged with murder. Taken from her home, the beautiful woman has been held in the Mineola jail. The ordeal of trial now approaches for her and New York and fashionable Long Island throbs with anticipation.

Applications for seats in the court room have been made by society folks in much the same way as they would comfortable accommodations for a horse show. It was certain that the court room will be packed to capacity when the trial opens but those who glide to the Mineola court house in their limousines must take the same chance as those who arrive by train or on foot. The court officials will make no promises of reservations.

In the meantime Mrs. Carman is stealing herself for the ordeal, for she intends to take the stand in her own defense. It is expected Mrs. Carman's story may be heard about Friday. She asked that she be permitted to tell it to the grand jury but the request was denied and upon

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

her own testimony will rest the supreme effort for acquittal. Mrs. Carman is not of the weeping, sympathy-seeking sort. She is a large woman, an almost perfect blonde, with firm chin and clear eye. She speaks in a soft, even voice. Only for one brief instant when she was taken to jail for the first time, has she lost control of herself since first arrested. During her testimony at the inquest conducted by Corner Norton, she was calm, cool almost to iciness.

One of the chief witnesses of the trial is expected to be the colored maid employed in the Carman home. She has told several different stories. The last and most damaging is reported to be that Mrs. Carman passed through the kitchen immediately after the shot was fired through the window of the doctor's office. Mrs. Carman and others in the household maintain that the accused woman was resting in her room on the second floor, clad only in a kimono, when Mrs. Bailey was killed. Mrs. Carman's little daughter, Elizabeth will tell of her mother calling to her and requesting that she stop playing the piano. The voice came from upstairs, the child has said. She will be one of the witnesses in defense of her mother.

The damaging admission of the installation of the dictograph in Dr. Carman's office that she might spy upon him must come from the accused woman. She has said that she found her fears of her husband's unfaithfulness were unfounded. Both Dr. Carman and his wife have sworn they did not know Mrs. Bailey. She called at the office as a patient. As she was leaving, a window was broken, a shot rang out and she fell dead.

DIES WHEN NEAR THE CENTURY MARK

John Powers, Age 99 Years, Expires at Home of Daughter in Knightstown Thursday.

THE FUNERAL IS HELD TODAY

The funeral services of John Powers, age ninety-nine years, who died Thursday at the home of his daughter, Mrs. Lafayette Ogborn, in Knightstown, were held at the Ogborn home this afternoon at two o'clock, the Knightstown Knights Templar being in charge. Burial was made at Knightstown.

Mr. Powers was probably the oldest man in Henry county, his birthday being on August 2. He had been a resident of Wayne township, Henry county, for more than seventy years, at one time he was connected with the construction of what is now the Pennsylvania railroad.

In his earlier years he was a prominent contractor. He was a member of the Masonic Blue Lodge at Knightstown, being one of the charter members when this lodge was established in 1848.

He is survived by three daughters and two sons, by two marriages. They are Mrs. Valentine Steiner, Mrs. Lafayette Ogborn and Mrs. John Barnes, of Knightstown and William Powers of Arkansas and James M. Powers of Knightstown.

ing they will have cars here for the automobile show which will be held in connection with the horse show and festival. The autos will be shown in Second Street between Main and Perkins streets.

Ford day set for Wednesday of next week is expected to bring many automobiles of this manufacture here. They will serve to augment the automobile parade at night.

George W. Fleener, the proprietor of a local green house, will make a display in Main Street by the Rushville National bank during the week. Mr. Fleener also contributed five dollars to help defray the expenses of the week. Frank Windler, who runs the Jersey City green house, will also have a display in the business district.

Charles Applegate, a Rushville man, who makes the rounds of the county fairs in the fall with his candy kitchen, has returned home and will set up his place of business alongside the Peoples National bank in West Second street.

A meeting of the finance committee was held last night and it was found that the funds for the show and festival are far short. The solicitors started out this morning with a determination of making up the necessary balance to pay the expenses of the event.

BAD OPERATION AVOIDED

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Mrs. Sowers' Own Statement.

Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ABOUT PUMP REPAIRING

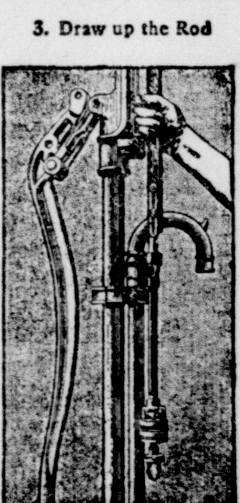

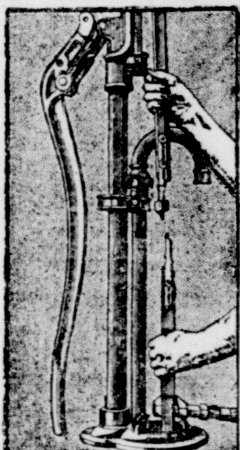

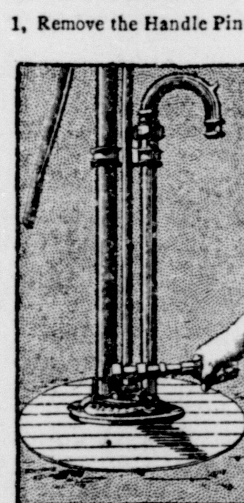

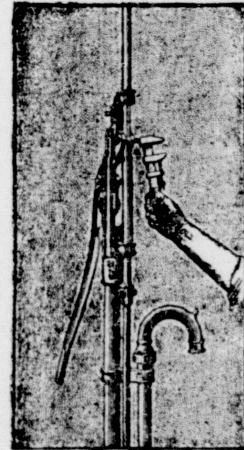

When placing a new leather on a

RED JACKET SO-EASY-TO-FIX

the valves are easily removed through the base of the pump as the illustrations show. The cost is little more than the price of the repair. You can do it. The only tool needed is a monkey wrench.

Compare this with the time, trouble and expense of removing ordinary pumps from the well, to make the same repair. You see it's not the cost of the leather but the cost of putting it on.

This and other economical features of 'So-Easy-To-Fix' pumps will be explained at your request.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, and abundant.

RETAILERS DAY FOR THIS STATE

Indiana Association Decides to Make
October 29 One to be Remembered by Business Men.

TRADE-AT-HOME CAMPAIGN

This Will be Followed by Trade-at-Home Dinners in Every Indiana Town Tuesday Nov. 17.

At a called meeting of the Board of directors of the Indiana Retail Merchants Association, held in Indianapolis this week, a unanimous resolution was passed to make Thursday, October 29th, Retailers day in the whole state of Indiana.

On this day, in every town where there is an organization of retail merchants and in the towns where there are enough merchants but no organization, all the merchants will meet to discuss the plans for the biggest Trade-At-Home campaign ever held in any state. The steps in this campaign are now being perfected and will be launched at these meetings.

The campaign is to be state-wide and is to embrace every citizen of the state; man, woman and child, irrespective of calling.

The climax of the first stage of the campaign will be a Trade-At-Home Dinner in every town in the state at 6:30 o'clock on Tuesday, November 17th.

This dinner is for the purpose of showing the people of Indiana that there is no need of sending money away from home for necessities or even luxuries. The menu will be composed entirely of Indiana products, the people at the dinners will be urged to wear as nearly as possible only Indiana made apparel.

It is estimated that these dinners can be held in at least a hundred towns and cities in the state and that fully fifty thousand people will attend. The attendance will not be restricted, all will be urged to attend; the business man from the farm and the business man from the city; the wives of the business men from farm and city will be there with the

children; the employer and employee; all joined together in one jubilee, proving to themselves and the state that Indiana can take care of her citizens, that the Indiana citizens realize that they have a duty to perform to their state in keeping Indiana made money in Indiana and that they are willing to fulfill this duty.

From the evening of the state-wide Indiana Trade-At-Home Dinner, the newspaper, show-card, street-car card, moving-picture slide and every other available advertising medium will be used to keep constantly before the people of the state the buy-at-home idea.

The movement growing over the country at this time to "keep American money in America" can be aided right here in Indiana by keeping "Indiana made money in Indiana."

WAR! What Is It All About?

HAS the whole world gone stark mad over a very foolish and trivial question? Are swords rattling, cannon rumbling, mailed armour glistening just because Russia wanted to show her love for the little brother—Serbia?

Tear aside the curtain of Europe's politics and see the grim and sinister game of chess that is being played. See upon what a slim, yet desperate, excuse the sacred lives of millions may be sacrificed. Read the history of the past one hundred years, as written by one of the greatest authorities the world has ever known, and learn the naked, shameful truth. Just to get you started as a Review of Reviews subscriber, we make you this extraordinary offer. We will give to you

FREE! Duruy's History of the World

Four splendid cloth volumes, full of portraits, sketches, maps, diagrams
Today is the climax of a hundred years of preparation. Read in this timely, authoritative, complete, AND THE ONLY CONDENSED classic world history—of which over 2,000,000 copies have been sold in France alone—just what has taken place in the inner councils of Europe during the past one hundred years. Read in these entrancing pages how Russia has for years craftily been trying to escape from her darkness—to get a year-round open port, with its economic freedom. Read how Germany and Austria, fearful of the monster's latent strength, have been trying to checkmate her and how they have pinned all in this last, supreme stake.

The Lesson of the Past
THIS master of the pen shows you the glory that was Greece's and the grandeur that was Rome's. He guides you through the Middle Ages, the picturesque old days of feudalism and the crusades; through the Renaissance up to contemporary history, which Prof. Duruy completes in brilliant manner. In the story of the past he the secrets of today. And you will understand them better when you get the Review of Reviews for a year—for the Review of Reviews will give you a sane interpretation of the events that are taking place with such rapidity. It is not enough to read the daily news reports. Your ability to comprehend conditions, and to discuss them rationally depends on a true interpretation of the meaning and the "reason why" of events. In your mind you must bring order out of chaos—and the Review of Reviews will do it for you.

WILL DISCUSS MANY SUBJECTS

Betterment of Conditions in Rural
Life One of Principal Subjects
Conference of Charities

T. A. COLEMAN IS ON PROGRAM

Representatives of Many Agencies
Attend Opening Session of Meeting at Madison

(By United Press.)
Madison, Ind., Oct. 17.—Betterment of conditions in rural life will be one of the principal subjects discussed at the annual meeting of the State Conference of Charities and Corrections opening here today. Representatives of many agencies and institutions working to better rural conditions have been invited to attend and were here today. As a representative of the state board of charities said today:

"One group of persons is interested in good roads, another in good schools, another in good libraries, another in good farming, another in the country church, another in country clubs, another in household economies. The consideration of the great problem of rural life and living and how all of these various agencies effect it and can contribute to it is of great importance.

Prominent representatives of these different activities are here to day or will arrive before the conference ends. They represent the state board of agriculture, the state Grange, farmers' institute, Purdue university, the State Horticultural Society, the state department of public instruction, the Indiana apple show, different church denominations, the Woman's Federation of Clubs, the Good Roads Association, the Indiana highway commission, the public library association and others.

The program includes addresses by Gov. Ralston, Prof. F. T. Moren, of Purdue, Mrs. Mary Wilcox Glenn, of New York, James A. Collins of Indianapolis; W. C. Ball, Terre Haute; Dr. Charles P. Emerson, Indianapolis; Dr. E. P. Susse, Evansville; Dr. S. E. Smith, Richmond; Dr. W. C. Vannoy, Newcastle; Dr. W. A. Mills, Hanover College; Congressman Barnhart, Rochester; T. A. Coleman, Purdue; R. F. Daggett, Indianapolis; Prof. H. A. Woodworth, Hanover College; Dr. Cecil C. North, DePauw; Ernest P. Bicknell, national director of the Red Cross; Mrs. L. J. Blaker, Indianapolis, and Alexander Johnson, Vinceland, N. J.

The conference will end Oct. 20.

Notice of Annual Meeting.

Notice is hereby given that the annual meeting of the stockholders of the Rush county fair association will be held at the court house at Rushville, Ind., at one o'clock p. m., Saturday, Oct. 31st, 1914, for the purpose of election of officers and directors and for the transaction of such other business as may regularly come before the meeting.

BOULEVARD TO BE UNIQUE FEATURE

it Will Be Divided into Sections
Each Showing Different Method
Road Building

AT GOOD ROADS CONGRESS

Industrial Exhibition of Road Machinery and Road Material Will
Also Be Made

A magnificent Boulevard, twenty feet wide and more than four hundred feet long, extending around the arena in the great International Amphitheatre, will form one of the unique features of the coming Good Roads Congress in Chicago.

The Boulevard will be divided into sections, each section being constructed of different materials and by different methods. Practically every known type of standard modern road and pavement will be represented in the different sections. This Boulevard, in itself, will afford opportunity for a liberal education in road and street building, as each section will be so constructed as to demonstrate in the highest sense the practical value of each material and method and type of roadway.

The Good Roads Show, which is an integral part of the convention and Congress, is already assured of being the largest and most interesting ever yet given. While there are more than one hundred thousand square feet of floor space in the great Amphitheatre, the demands of exhibitors have been such that it may be difficult to provide for the latest applicants. Already more space has been applied for than the entire area available at the Philadelphia Good Roads Show last year, and more applications are constantly being received.

In addition to the industrial exhibitions of road machinery and road material, and accessories connected with road and street building, several states will present exhibits which will portray their methods and accomplishments, and a number of universities and colleges will present the exhibits which they have assembled to aid in the instruction of their classes in Highway Engineering. In the entire exhibition every feature is intended to supply information concerning the best and most economical construction of roads and streets for the benefit of those who build them and those who pay for them.

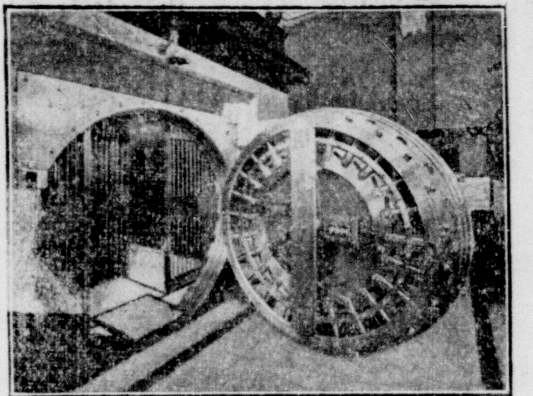

The Fifth American Good Roads Congress, which is also the Eleventh Annual Convention of the American Road Builders' Association and the Sixth Annual Good Roads Show, will be held at the International Amphitheatre, Chicago, December 14 to 18, inclusive. The programme, now being arranged will include technical papers and discussions concerning practically every phase of road and street construction and maintenance, which will be presented by the most eminent authorities on those subjects.

The purpose of the Congress and Show is to combine in one aggregation all modern intelligence on the subjects of the organization, construction and maintenance of streets and highways, to the end that the best results shall be achieved for the public funds expended.

The American Road Builders' Association claims that to its membership which includes practically all state highway officials and hundreds of city and county engineers and others, the remarkable development in road building methods during the past half dozen years has been almost entirely due. The study and experimentation of its members, and the publicity given to the successes and failures at the annual conventions of the Association, establish in the highest sense the usefulness of the organization to the great tax paying public, and the value of its conventions to the public's road building representatives.
